ESK Series

Electric Selector Kits

Third Function Selector Kits for Front End Loaders

Third Function Control With Your FEL Joystick:

ESK-Series Electric Selector Kits Allow the Operator to Control a Third Hydraulic Function With the Existing Joystick Valve. Flow is Diverted From the Bucket Curl / Dump Circuit When Auxiliary Function is Needed.

Standard Features:

- ◆ 12V Solenoid / Coil
- ◆ All Hydraulic Lines / Mounting Brackets
- ◆ Control Grip with Trigger Selection
- ◆ 3/8" Agricultural Quick Couplers
- ◆ Slide On Control Grip
- ◆ Electrical Harnesses
